Dodge City Public Schools- Summer School 2020 Information

This year, all students have taken FastBridge assessments. Based on the data/results for the fall and winter assessments; your student is recommended/highly recommended to attend summer school.

The purpose of summer school is to provide targeted enrichment for students identified through the collection of individual performance/ readiness data through Fastbridge. The intent is to reduce summer slide and provide time to focus on literacy and math skill development and/or enrichment. In addition, it is encouraged that the instruction incorporates experiential learning opportunities through activities such as, but not limited to, project based learning, hands on learning, culturally connected activities, and educational trips that extend the relevancy of the specific content standards.
